## Survey on Student Satisfaction of Off-campus Clinical Practicum for Students

Dear students,

Thank you for taking out precious time to fill out the questionnaire. This questionnaire aims to understand the satisfaction level of students in off-campus clinical practicums, and the results will serve as a reference for future improvement of teaching and career development counseling services dedicated for the junior students in the school. The information you provide is for statistics and analyses purpose only, no individual information will be disclosed. Once again, thank you for your help and support.

Sincerely

Department of Long-term Care

I●Q1.1 Name of the clinical institution: \_\_\_\_\_

Q1.2 Are you willing to stay after the practicum?  (1) Yes  (2) No, because: \_\_\_\_\_

II● Please comment according to your practicum experience in this semester: \_\_\_\_\_

Strongly agree <.....> Strongly
